Company Training Objective GEN 1.0 Engineering Applications		Suggested Method of Assessment			Completion Verified (Signature and date)
		Evidence Reference (Institution Standard)		Required Standard	
Objective and Suggested Method					
GEN 1.1	Review and understand basis of design and statement of requirements.	E	(B1,2-D2-E1,2)	LS	
GEN 1.2	Identify design objectives and prepare outline design solution using data.	E	(A3-B2,3-E1,2,3)	LS	
GEN 1.3	Specify engineering resources/equipment using data sheets and specification for procurement enquiry. Bid evaluation and recommendation.	B	(C1,2-D1- E1,2)	LST A	
GEN 1.4	Provide procurement support for resources/engineering equipment. Package/section/module management, including design review, progress, FATS. (Where applicable).	B	(B2,3-C1,2,4-D1,3)	LST A	
GEN 1.5	Identify and agree construction strategies.	A	(B1-D1,2,3)	LT	
GEN 1.6	Develop engineering designs for construction.	A	(B2,3 -E1)	LT	
GEN 1.7	Review and agree commissioning procedures.	K	(B2-C1,2,3-D1,2,3-E1,2)	LT	
GEN 1.8	Undertake commissioning/site experience of engineering projects wherever possible.	K	(B2-D1,2,3-E1,2,4)	LT	
GEN 1.9	Review operating procedures/parameters for engineering equipment.	A	(B3-C1,4)	LT	

Required Standards

- A. Acquaintance
- K. Experience with guidance
- E. Full experience – minimum guidance
- B. Full ability - exceptional

Suggested method of assessment

- L. Log Book Entry
- S. Discussion with Supervisor
- T. Discussion or lecture with Tutor/Specialist
- A. Approval of work by supervisor
- C. Course Assessment
- I. Induction
